

The background of the entire image is a dark, textured surface covered in colorful scratch marks. The top half features a grid of diagonal lines in various colors like yellow, pink, purple, and blue. The bottom half shows more intricate designs, including a wavy line, a sun-like shape, a crescent moon, a star, and a peace symbol, all created with the same multi-colored scratch technique.

DIY SCRATCH ART

DIY SCRATCH ART

NEEDED ITEMS

Cardstock or
paper plate

Crayons

Acrylic paint

Paint brush

Toothpick

DIRECTIONS

Color cardstock or paper plate heavily with crayons. Be sure to cover the whole surface! Paint over the crayon drawing with any color of acrylic paint and let dry. Use a toothpick to scratch off paint and create art!
